Our students in Greece

Gabriele, communication field student

"My internship in Corfu was definitely my most memorable experience and the biggest learning opportunity I had so far. I really recommend it as an experience not only to explore a different culture and its people, but also to explore and overcome your own limits and capabilities. It was a great opportunity for personal growth and enlightenment. I would do it again."

Deimante, creative industries student

"This summer I decided to try something new, so I applied for Erasmus+ traineeship in Greece. I had an opportunity to work in Rhodes, Amada Colossus Resort. I met so many kind-hearted people, everybody were trying to make sure that I'm happy and they made me feel safe. Also, this traineeship helped me to improve my English language skills, I had to leave my comfort zone behind and try a lot of new things that made me even more open-minded person."

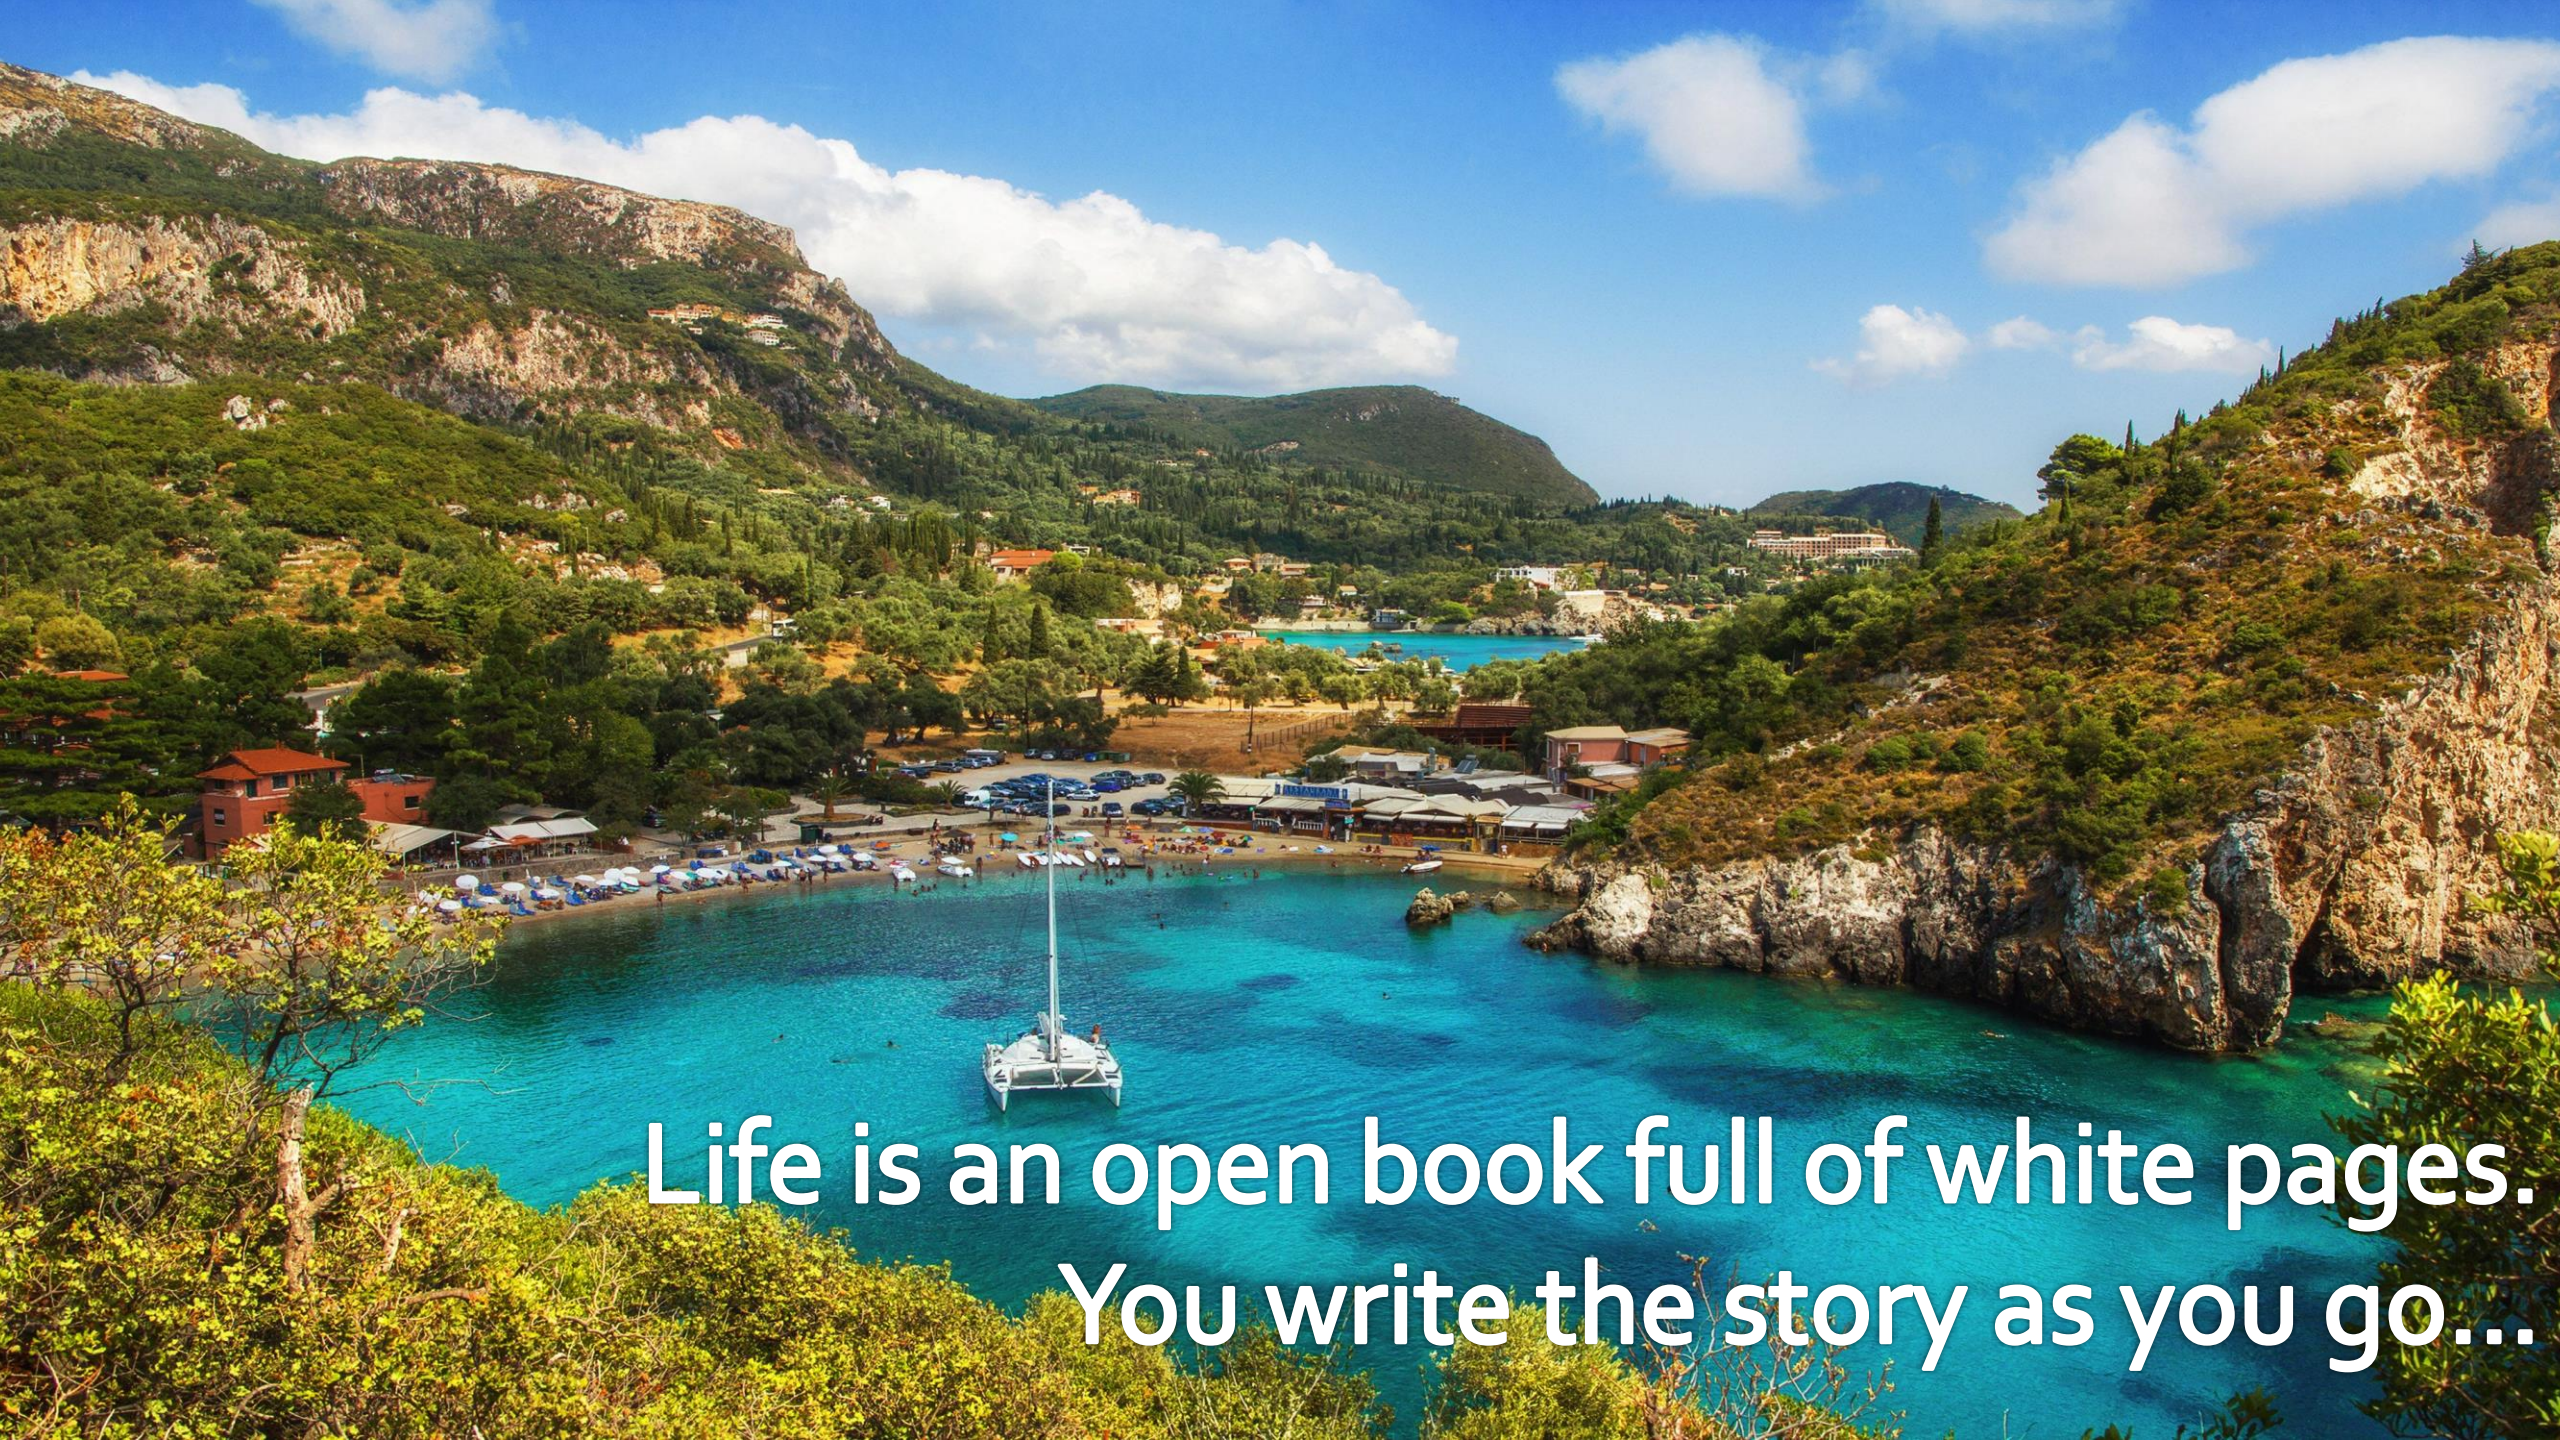

Marlena, Sylwia, Michal and Arnold, Warsaw, Poland – office trainees in Greece

"We were friends back to Poland and we never thought that we will have opportunity one day all together to make internship abroad. We are thankful to Amber Job for this amazing chance. Here I have learned to step out off my comfort zone and start conversations with new people without any fear. Definitely, I become more confident. Also during my practice I improved my German, English and Russian language skills. What I would like to emphasize is the friendships, that I made in Greece, they are priceless. I would recommend anyone to work in a foreign country, it will change your point of view in life."
