Our clients include multinational companies operating in sectors such as Engineering, Biotechnology, Pharmaceuticals, Marketing, Chemicals and Manufacturing.

Here at McFelder Translations we offer internship opportunities for undergraduates who would like to gain experience working in a communications and translations agency.

Being in a Spanish company you will have the opportunity to develop or strengthen your Spanish language skills. There is a young team of multinational project managers and interns working at McFelder Translations, so it is easy to make friends and integrate within the community.

This internship is also relevant to any student wishing to acquire general business experience not necessarily related to languages.

About you:

Ideally, you would be a self-motivated, enthusiastic individual who would be able to assist with the effective co-ordination of complex multilingual projects, liaison with freelance translators and work with the McFelder software systems.

You would help both Vendor Manager and Project Managers in their day-to-day tasks using different CAT tools and software.

You are also:

- Undergraduate student
- Fluent in English
- Have some knowledge of Spanish language but not essential
- IT proficient
- Well organised and can work as part of a team

We hope to include you in our team as soon as **September 2022**.
